

# How to Create a Master Scholarship Application File

(And Why It's a Great Idea!)

---

*Students Will Be Able To*

- 1. Identify key factors to simplify the scholarship application process*
  - 2. Decide on order of and timeframe for action steps*
- 

## Materials

The [Master Scholarship Application File](#) PowerPoint, and a projector.

## Introduction

It's a challenge to apply for multiple scholarships with a variety of deadlines in a quality way. It's tough!

But if you can organize your materials commonly needed for scholarship applications ahead of time, the job gets *much* more manageable.

## Activity 1– PowerPoint presentation

Please show the [Master Scholarship Application File](#) PowerPoint to your students, and ask them to take notes.

## Activity 2 – Makin' a Plan, Stan!

Ask students to write down what action steps they would need to take to build their own MSAF.

Then ask them to assign a time goal for completing each action step.
