

Preston High School – Senior Project

Name:

Proposal Form (revised 10/2015)

Date:

The emphasis of the senior project is to learn something **NEW**. Students are required to select a topic that he/she has high interest in but does not have any significant experience or expertise. Students may focus on a potential career, a new hobby, or an area of personal interest. Topics that do not show a **STRETCH** to NEW LEARNING will not be accepted. Students are encouraged to involve parents/guardians, teachers, or topic experts to select a topic and to plan meaningful learning activities. Use thought and creativity!  
Note: The senior research paper must tie to the topic. Note: Logically, as you complete the projects you may desire to adjust or add new activities. Small changes can be made to the proposal up to the first work journal check in October.
